Ok. I will try to avoid haphazardly tossing files around.

BTW – Who else from Weston should have access to the OneDrive? I will work with them to make sure they understand how to access them.

Subject: One Drive

Hi. I moved your gamma figures in One Drive to the data folder. I use photos/map folders for overview maps and photos of site work. Any type of data product whether figure, table or raw data I put in a subfolder under data. The link below will show you what I mean. I will be revising both HTC and NFB to be more consistent. With 2015 -2016 folders. Thanks

Thanks. I have the two 3*3 units. I thought Lionel was going to meet me Monday to put in our equipment room. I will reach out to Tim to see if someone can bring over tomorrow or Thursday.

Regards,

Eric

Apparently I don't give Benton enough credit sometimes. This is what we got in Edison.

laptop with 6 link batteries, 2 gateways, 4 dataram links, 3 datarams, 1 trimble, 2 ludlum 3 x 3 setups, with a link with each, and 2 HPICs.

I'm reaching back to my equipment guy in Edison to get a list of what they have staged. He's gone for the day but will speak with him first thing tomorrow morning.

Cool about One Drive. Aren't the gateways with them as well?

I think we might still have the HPICs.

BTW – I was able to access the OneDrive without issue. The Gamma survey maps have been uploaded.
